### ABOUT UNIPPOINT

Unipoint is one of the largest manufacturers of brand new rotating electrical units & components, temperature control and wiper blades worldwide. Established in 1972, Unipoint has manufacturing facilities in Asia. All facilities are ISO9001 / TS16949 certified to support their stringent engineering, testing & quality control procedures. Besides the production facilities, Unipoint has local sales offices in North America, Europe & other parts of the world. These offices are established to provide quality customer service & competitive pricing to Unipoint's OEM & aftermarket customers in over 100 countries world-wide. Unipoint has the experience, expertise & flexibility to develop & tool new products on a timely basis.

Supply to :

Products :

# Quality is Our Commitment!

Unique Quality, Unique Value

## Temperature Control

### Comprehensive Product Range

Unipoint temperature control line includes brand new air conditioning compressors, blower & fan motors, radiator fan assemblies, fan clutches & other related products. All products are designed to meet & exceed O.E.M. specifications & undergo the same quality manufacturing & testing processes associated with all Unipoint products. Unipoint has over 800 different models - specific to this range.

### Superior Quality and Technology

All Unipoint products are 100% brand new. This eliminates the investment & costs associated with the handling of old used core units. All our brand new A/C compressors undergo rigorous testing to ensure a trouble free operation & long service life.

### Long Term Partner

Unipoint has the experience, expertise & flexibility to develop & tool new products on a timely basis. On average Unipoint introduces over 200 new products annually to their steadily growing range of quality products.
